FRENCH CATHOLICS

TO BE TAUGHT TO LEAN MORE TOWARD THE REPUBLIC.

in Session at Dublin, with Parnell Presiding.

ROME, July 23.-In connection with the ception accorded on Monday to Manager Ferrata, the new papal nuncio at Paris, by President Carnot, and in view of the an-

Manager Ferrata, previous to leaving fome in order to join the post assigned im, had a long conference with the pope, Cardinal Bampolla and Cardinal Rotelli, ex-nuncio at Paris. Political subjects were touched upon at length. Manager Ferrata, it is understood, as a result of this confer ence must have mapped out with the pope a fixed and precise line of conduct for the ap plication in France of the Repub-ican policy of Cardinal Lavigerie. The vatican is absolutely decided in spite of the threats and persuasions of the monarch-

first, to continue the policy of adhesion to the republic in order to restore France to the Union and to resignous and political pacification. All the authorities of the Holy see are of one mind upon this point, and the renewal of the triple alliance will only give strength this resolution, which will mark a new parture in the international ecclesiastical olicy of the holy see. The programme of

the chamber of deputies Second-In prevailing upon the bishop and clergy, o e after the other, to make a solemn act of adhesion; and Third—To constitute a vast Catholic union in the country outside of the old

a gray. The pope was very much as-ton shed to see that this old party was se king on all sides to place itself in a new gouping in order to be able to retain its leadership or direction and retain the representation. This attempt to create confusion and to turn saids the real surposes confusion and to turn aside the real purpos of the movement should not succeed, and Manager Ferrata is instructed to see that the evolution is accomplished to the profit of the great, new and religious interests of

the Healyites with anxiety to take office. He urged the Irish members of parliament to take the most strict pledges not to accept offices until Ireland had more complete.

NATIONAL STOCKYARDS, LLL., July 24.—

Some good fat cow stuff and choice steers sold in a limited way, but the principal dealers pulled out of the market, evidently to await the settling of the market to some kind of a basis where it will be safe to operate in live cattle. General Notes.

G. W. Barefoot, Belcher, was in the city yesterday. Mr. Barefoot is a steady ship-per, loading out about seventy-five cars per week over the Santa Fe, principally to St.

sort of a "what next" expression on some of the shippers in these parts. While prices for choice stuff have not lowered any, fig-ures for half and two-third fat cattle have been knocked silly. Many who contem-plated loading out from the 20th on have held and will not ship till after the 1st, when they confidently predict a good mar-ket. It is funny to a looker-on what a fig-ure twenty-four hours can cut in a beef

market, anyhow.

Livestock agents of the various roads reby the state of the various roads report an unusually heavy run of cattle from the Territory and the Northwest. The Cazette's special reports, too, show this to be a fact, and the receipts at Chicago, St. Louis and Kansas City are unusually heavy. Comparisons with a year ago are interest ing. Prices now are considered low, com-pared with figures from the opening of the season this year, but compare them with the three or four years past and you'll see the cowman is in it.

Report has it that a number of South Texas feeders will put some choice meai-fed cattle on the markets within the next thirty days, when undoubtedly some fancy prices will be recorded. The yards showed up dull yesterday

again, and no one enjoys this state of things better than the yardmen during this hot weather.

The packery grinds on, regardless. There is a continual movement of beef, hog, sheep and calf carcases from the slaughter room to the cooler from morning till night, and a leaker the arms of how morning the chiral states. look at the army of busy men in the ship-ping department convinces one that the people are eating, and also that the afore-said people are patronizing one of Fort Worth's greatest establishments—the pack-
